**CANADIAN LGBTQ
BUSINESS TRADE MISSION**
United Kingdom / European Union
March 16 - 22, 2023

Directory of Participants

CGLCC Trade Mission to the United Kingdom (London) & the European Union (Vienna)

Canada's 2SLGBTQI+ Chamber of Commerce (CGLCC) is pleased to partner with our Global LGBTQ Chamber Affiliates, East Meets West and OutBritain, for the first ever LGBTQ Trade Delegation to the UK + Europe.

The delegates who join us demonstrate the strength, creativity and dynamism of Canada's LGBTQ enterprises. In these we see the range of economic activities and services offered as well as the importance of Canada's LGBTQ business community's contribution to a thriving and inclusive global economy.

This directory provides a short description of the activities and fields of expertise of the Canadian LGBTQ businesses participating in this trade mission, as well as contact information for their representatives.

We encourage you to talk to members of the Canadian delegation and explore with them how they can become your next best business partner, and how Canadian businesses and internationally certified LGBTQ suppliers bring unique solutions to your business needs.

About CGLCC

Canada's 2SLGBTQI+ Chamber of Commerce is a coalition of LGBTQ business owners, allies, government liaisons, corporate members, and community partners. We advocate for and work towards a more inclusive North American economy – one connection at a time.

CGLCC's Global Program

By connecting Canadian enterprises to a global network of other LGBTQ chambers of commerce, governments, corporate partners, businesses, and individuals – CGLCC's Global Program helps LGBTQ certified suppliers access international business opportunities.

We also equip members with practical information about how to do business abroad and insider information about trends in trade and various markets. Our development programs and government partnerships give certified suppliers the opportunity to speak with the right people and get the right information to expand their potential globally.

Let us introduce you to the benefits of working with the many LGBTQ businesses of Canada.

Global Program
supported in part by

Hello, Bonjour,

I am delighted to welcome you to CGLCC's first business mission to the United Kingdom and the European Union.

I want to thank Canada's 2SLGBTQI+ Chamber of Commerce for all the fantastic work it has done to support 2SLGBTQI+ entrepreneurs, including organizing this mission to London and Vienna!

As Canada's Minister of International Trade, Export Promotion, Small Business and Economic Development, I know how important diversity is to our shared success. And organizations such as CGLCC are living proof of the good things that can be achieved when we make trade more inclusive.

I also want to thank the trailblazing entrepreneurs who are part of this business mission. Like you, I believe that the full participation of businesses owned and led by members of the 2SLGBTQI+ community is essential to creating a more inclusive and prosperous economy. By being here, you are fostering connections, collaboration, and international trade — actions that echo the Government of Canada's commitment to drive a strong, inclusive, and sustainable economic recovery and build shared economic resilience with partners such as the U.K. and the E.U.

Over the years, Canada's Trade Commissioner Service has collaborated with CGLCC to bring 2SLGBTQI+ business delegations to international markets. In 2018, for example, we worked together to bring the Government of Canada's first 2SLGBTQI+ trade mission to Philadelphia. In 2019, we joined forces for a business mission to Tampa. It is fantastic to see CGLCC now moving into new, dynamic markets such as the U.K. and E.U.

So to CGLCC and the 2SLGBTQI+ entrepreneurs participating in this business mission, thank you! Thank you for forging connections for future collaboration that will benefit your communities, your country and the global economy. The ideas that you will share — and the leadership that you have shown — represent the diversity of thought and talent that is crucial to truly inclusive and successful economies.

I wish you every success and can't wait to hear about the amazing collaborations that come from this mission.

Thank you, Merci,

The Honourable Mary Ng, MP

Minister of International Trade, Export Promotion, Small Business and Economic Development. **Government of Canada**

Barnes Management Group

Management Consulting

Barnes Management Group (BMG), based in Toronto, Ontario, has been incorporated as a consulting firm since 2006. BMG's President and Founder, David Barnes, has been a consultant for more than 20 years. He is a systems thinker, driven by the desire to see services work for families and children who we are here to serve. David has created an organizational model in which trusted relationships are paramount, and teams of senior professionals leverage their complementary skills and experience to provide superior quality and value to our clients. BMG attracts socially-conscious consultants from a variety of fields who are interested in making positive change in the world around them.

BMG's structure is based on the virtual organization model, working with the latest technological innovations that facilitate collaboration both locally and globally. BMG brings an empathic view and integrative thinking that allows it to see problems from many diverse perspectives. Our senior associate model provides us with the range of competencies, the agility and the flexibility to respond to our clients' needs very effectively. By specifically selecting every single member of the team, the result is a diverse group of colleagues with different backgrounds, ethnicities, educations and sectoral experience that allows for a world view not often found in management consultancies.

Capex Project Advisory Services Inc.

Construction, Project Management

Capex Projects was established for one simple reason - to help clients take control of their projects. Our clients are typically established construction clients or stakeholders in construction projects who engage us to provide trusted, independent and credible advice and leadership through all stages of project development and delivery. We can show you why so many major construction projects end in failure, and how, by taking a simple series of steps, and with the right commercial advice, you can radically transform your prospects of successful delivery, even on the most complex, high value projects.

While on this Trade Mission I am looking to connect with:

1. Construction industry professionals / project managers, ideally with experience of managing projects (ideally publicly funded) and with a reputation/network who are looking to start a project management consulting business in the UK
2. Management Consultants, ideally with experience of providing strategic advice to publicly funded clients on major construction projects and with a reputation/network who are looking to start a major project advisory consulting business in the UK
3. Small firms operating in the project management or project advisory field who would benefit from sharing of expertise / resources from a marketing and delivery perspective.

Skymattix Inc.

Marketing, Promotional, and Advertising Services

Skymattix is a unique breed of digital media agency that designs and delivers innovative, ROI-driven marketing and communications services to progressive organizations that want to make an impact for their businesses and for the markets and communities they serve. Our positioning statement is "Let The People In", which extends far beyond impressions and conversions. It means that we are fully inclusive in all aspects of our business operations, our client interactions, and our messaging.

Our experienced, international team of marketers, visionaries, storytellers, and tech geeks have, each in their own way, said goodbye to the world of templated, over-priced, risk-averse corporate marketing and brought their talents together to disrupt the status quo and deliver the unexpected.

At Skymattix, there are no bad ideas, different perspectives are welcome and encouraged, and creative thinking is, literally, 'off the chain'. For any organization we work with, this creates the conditions for a totally authentic client experience and line of sight to the best ideas and campaigns, no matter what you're selling (or dreaming about selling).

UpHouse Inc.

Marketing, Promotional, and Advertising Services

UpHouse is an award-winning marketing and PR agency that believes in elevating messages that need to be heard. People consume media whether they want to or not, so we feel it's our role to make sure it's authentic, accessible and diverse.

UpHouse walks the line between an outside advertising agency and a member of your in-house marketing department. We don't minimize or replace the talent you already have. Instead, we fill in the skill gaps and offer guidance along the way.

An agency challenges your thinking and injects a new perspective that sparks big ideas. UpHouse does that. An in-house marketing leader boosts the skills of the entire team and builds a plan for long-term success. UpHouse does that too.
